Klamath Falls Sectional Aeronautical Chart, 34 <sup>th</sup> edition, May 8, 1986, 1:500,000; Notes: a line drawn approximating the Applegate Trail route from Imlay to 49 Pass at Nevada / California border on one side and a line drawn on the other side from Juntura to Juniper Mountain, approximating the Meek Cutoff west of Stinkingwater Creek.
10	See Item 119 as a separate entry for the "additional copies of segments of the Applegate Trail" MC Drawer 5	California NHT and Pony Express NHT National Park Service Study Maps, 1985 and 1987, 1:250,000 USGS 60x120 minute maps, one complete set of 47 maps: 1A, 1 to 46; Notes: a line drawn approximating the proposed routes of the California NHT with all cutoffs and all extensions including the proposed Applegate Trail route to Oregon; a line drawn approximating the proposed route of the Pony Express trail between Sacramento, California, and St. Joseph, Missouri. There are additional copies of segments of the Applegate Trail. There is a cover sheet index to the entire set which indicates, incorrectly, that all maps were dated February 1987. Trails are shown by black lines. Historical sites are named and noted by black circles.

11	MC Drawer 5	Applegate Trail traced on a set of 13 maps, numbered 1 to 13, and Yreka Trail on map numbered 5A. 1:100,000 USGS 30 minute maps except #1 (Eugene Mountains, Nevada) and #6 (Klamath Falls, Oregon) are 1:100,000 BLM Surface Management maps. Number 7, Medford is missing. There is no notation indicating who drew the lines on these maps, nor when, nor why, nor is there any documentation regarding the maps.
12	Discarded all maps, were duplicates	USGS 30 minute 1:100,000 maps of Gerlach, Nevada; Oakridge, Gerlach, Oregon City, North Santiam River, Oregon; and Vancouver, Washington / Oregon; no notes
13	Discarded	BLM 30 minute 1:100,000 Surface Management maps of Yamhill River and Williamson
14	MC Drawer 3	“Majors’s 1871 Survey of Oregon-California Border from East to West”; two sets of strip maps, some positive images and some negative images, apparently copied from Oregon Historical Quarterly
15	Not found 2010	Eleven maps, USGS 1:24,000 7½ minute scale, cut and pasted to make a long strip from Truckee to Washington, California; Hobart Mills to Boca, California; and whole maps of Dog Valley and Dutch Flat, California, and Verdi, Nevada; no notes.
16	Check later.	Seventeen Oregon USGS 1:24,000 7½ minute scale maps, no notations unless noted: Vey Ranch, Service Buttes, Butter Creek Junction, Service Buttes, 2 copies, Strawberry Canyon NE, Strawberry Canyon SE, Strawberry Canyon SW, Well Spring, Ione North, Ella, Dalreed Butte, Cecil, Meacham, Cabbage Hill, Cayuse, 17Thorn Hollow, Mt. Hood South (highlight approximate route of Barlow Road)
17	MC Drawer 3	National Geographic Society, three two-sided maps, “The Pathfinders 1803-1848” on one side and on the other side “Western Migration 1841-1869” ; supplement to National Geographic Magazine, September 2000, Vol. 198 No. 3.
18	Not found 2010.	Applegate Trail Events 1994 Calendar and Poster, photo of covered wagons entering High Rock Canyon
19	OK	1996 Oregon map of Historical Markers and manuscript list
20	See Item 106 instead.	Barlow Road poster map, 1975, Clackamas and Wasco County Historical Societies
21	MC Drawer 3	Western Emigrant Trails Map, 2 <sup>nd</sup> Edition, 1993
22	Not found 2010	“Old Oregon Trail” Souvenir Map by “Irvin Shope 48”
23	Not found 2010	“Oregon Trail Wagon Train” photo poster, Bayard, Nebraska, no date
24	Not found 2010	“The Oregon Trail – The Highway of the Pioneers” souvenir map, 1984, Oregon City
25	Not found 2010	“The Trail of Lewis & Clark 1804-1806” Oregon Historical Society souvenir map

26	Not found 2010	North Willamette Valley tourist souvenir / advertising poster map
27	Not found 2010	Genealogical County Map of USA, no date
28	See Item 103 for the first 2, Item 117 for third one.	Original GLO Cartography copies, T1N R19E (1867, John Day River and McDonald's Ford); T1N R18E, (1867, Webfoot); T41S R11E, (1853, Lost River and Stone Bridge)
29	OK	Envelope with "Statement of the Services of Guy Haines with United States Gov't, 1852-60"; three pages, to which are attached 6 pages of "Exhibits"
30	Changed "mostly" to three	Envelope with 11 black & white photos of "Applegate Trail"; three have unidentified locations
31	Not found 2010	Multiple copies of an 8½ x 14 manuscript map of the Applegate Trail and Burnett Trail between Tule Lake and Blue Mountain, in California, by Devere Helfrich; some maps marked with reference to "Klamath County Historical Society Field Trip / Pot Hole Springs, California / Sunday, Sept 24, 1961 / Conducted by Devere and Helen Helfrich"
32	Not found 2010	One copy of a manuscript map of Applegate Trail from Drain to Eugene, for Klamath Echoes
33	Not found 2010	Additional Applegate Trail maps by Devere Helfrich from Bloody Point (Tule Lake, California) to Worden, Oregon; Roseburg to Drain, Oregon; Imlay to Rabbit Hole Springs, Nevada
34	Somewhat general, not mile-by-mile. I would consider these descriptions as "rustic".	Directions for driving 2 tour routes for a "Memorial Day Historical Tour" leaving Klamath Falls; the first route described the "historical or longest route" to a "Hot Springs Camp" south of Lake City, California, off the road between Cedarville, California, and Gerlach, Nevada; the second route described the "alternate or shortest route" and went to the same "Hot Springs Camp" and then described the rest of the itinerary to the Double Hot Springs in the Black Rock Desert; four maps are attached showing the described routes beginning from Lakeview, Oregon, and Alturas, California to Gerlach, Nevada, and then on toward Susanville, California, through the Smoke Creek Desert along the Nobles' Trail.
35	Not found 2010	Several copies of Devere Helfrich's manuscript map of the Applegate Trail from Teeter's Landing, near Keno, Oregon, to "Klamath Junction" where the original Applegate Trail intersected the original Oregon to California trail near Ashland, and the legend "End of this year's Applegate Trail History" apparently for the 1971 Klamath Echoes.
36	Not found 2010	Several copies of a manuscript map showing outlines of Utah, Nevada, California, Idaho, and Oregon with the Oregon Trail, the California Trail, the Applegate Trail, and the Lassen Trail drawn without scale nor attribution; legend "The Applegate Trail is included under HR 1109 -- -- -- -- --"

37	Only one copy, not three	One copy of a manuscript map showing the locations of the Levi Scott grave and the Sarah King Chambers grave near Beulah Reservoir north of Juntura, Oregon; letterhead "Ackerman & Associates, 3027 Twin Oak Pl NW, Salem, Oregon ,97304 / 503-581-0328"
38	OK	One envelope with copies of transcribed letters relating to Indian relations at the Klamath Reservation, 1865-68, some by or to Lindsay Applegate and J. W. Petit Huntington.
39	OK	One copy of a report by Mark E. Lawrence of March 1979 and one page addendum undated regarding "Applegate Trail Markers" describing the placing of nine and then two more markers between Jenny Creek Slide and Ashland; several copies of maps annotated with the locations of the markers and indicating a scale which does not appear to correspond to the copies.
40	OK	A copy of a four-page article, including a map; "The Applegate Trail in Benton County" by John E. Smith; no indication of source or date
41	Changed three to two.	Two copies of a very brief, single-page, description of the Applegate Trail from Douglas County to Benton County with seven pages of maps and one aerial photo attached; apparently related to an introduction and description of a speech by Dick Ackerman on January 19, 1997, at a joint meeting of the Linn County Historical Society and the Northwest Chapter of OCTA.
42	Not found 2010	One copy of a December 11, 1996, memo from Glenn Harrison to the NW OCTA Executive Committee regarding the schedule for the next calendar year
43	OK	One envelope containing the agenda for a program to learn stereoscopic aerial photograph ground feature identification with one set of stereoscopic lenses
44	OK	One envelope containing a draft of an article on the Applegate Trail with photographs, no date, no identified author
45	OK	One envelope marked "Steve Randolph Records" containing correspondence between Randolph, as a researcher in Pendleton, and Jack Evans (La Grande) and Gregory Franzwa (St Louis, MO); Randolph described his research and provided maps of the Oregon Trail and other very old wagon roads in the Pendleton area which Franzwa incorporated into "Maps of the Oregon Trail" and later editions of <i>The Oregon Trail Revisited</i> . Evans related how he provided erroneous information about three sites to Aubrey Haines which were incorporated into Haines's study and how Haines provided the maps that Haines had copied (or traced) from Percy JC Brown (of the BLM) and the Oregon State Highway Department for tracing by Jack Evans. There is a cover letter by Julie Alford dated December 17, 1996, directing the materials to Vic Bolon in Sequim, WA

46	OK. In large plastic bin	One white three-ring binder, 2-inch size; records of Vic Bolon as chairman of mapping and marking projects for Northwest OCTA; projects: Hilgard to Indian Reservation, Hilgard Hill to Mt. Emily Road, Meacham Area, Immigrant Springs, LaGrande to Pendleton, "Trail leaving Pendleton West" to T2N R25E (Boardman, Lexington, west side of Sand Hollow), "Trail surveys Pendleton to Well Spring," followed by surveys to the crossing of the Deschutes River and across in Wasco County to McCoy Road at T1+2N R14E. This notebook contains a pattern letter and dated permission/prohibition slips dated from 1997 to 2000 describing properties by TRS and sometimes the quarter section with conditions on entry. The material is arranged east to west. Some pages are not attached nor punched for the binder but are loose in a pocket in the front.
47	Not found 2010	Two maps with highlighted approximation of the Oregon Trail, 30 minute 1:62,500 scale; Mitchell Butte and Birch Creek, 1972; both maps are monochrome reproductions from a USGS source without indication of publisher or date
48	Not found 2010	One copy of the northeast corner (sections 16, 17, 18, 19, 20, 21) of a USGS quad map, 7½ minute series, showing Echo and Echo Meadows and possible trail routes; no date, no author identified for trail route markings
49	OK	Eleven copy prints of portions of original GLO cartography for T2N R27E to T5N R29E; no notes
50	OK	One copy of cover of "Maps of Historical Oregon" (Preston) with 11x17 inch copies of some of the maps contained in that atlas which are related to the Oregon Trail
51	Not found 2010	One copy, six sheets, of the original manuscript map of the Oregon Trail in Oregon created by Earl Bickmore, Assistant Division Engineer, La Grande, Oregon, as lead investigator for the Oregon State Highway Department, based on research and field survey work from 1956 to 1958; provided from the personal library of Jack Evans of La Grande to Stafford Hazelett who copied the maps and returned the originals to Jack Evans.
52	OK, but only one set	One set of ten strip maps full-sized of the Oregon Trail in Oregon, 1959, "Oregon State Highway Department / The Oregon Trail / Old Fort Boise, Idaho to The Dalles, Oregon / T.E.D. Draw'g No. 6138" with visible portions identified as of 1959
53	OK	Twenty 8½x11 sheets of copies, each copy approximately one-half of each original map, of the original 10-map 1959 "Oregon State Highway Department / The Oregon Trail / Old Fort Boise, Idaho to The Dalles, Oregon" with visible portions identified as of 1959
54	Not found 2010	Five pages of manuscript notes on yellow legal-sized paper relating to T2N R22E to T3N R31E; probably related to identifying sections with probable traces of the Oregon Trail; no date, no author

55	Not found 2010	Seven pages of manuscript notes on a Challenge Cost Share Trail Survey form, no date, no author, arranged by USGS 7½ minute quad maps from Ione to Nolin
56	OK	Two page copy of “Oregon-California Trails Association / Northwest Chapter Trail Marker & Site Survey / Section: La Grande to Hilgard / GPS by: C. D. Hornbuckle / Magellan 2000 GPS / Date: June 7, 1997 (National Trails Day outing)”; the document is a list of 48 GPS waypoint sites identified by latitude and longitude, with one exception, with comments indicating what was located at each GPS waypoint, mostly “existing post” or “new post.” There is no reference datum. The waypoints begin at “45 19 09 / 113 07 22” west of Table Mountain above La Grande and end at “45 20 36 / 118 13 23” in Hilgard Junction State Park on the southeast bank of the Grande Ronde River assuming WGS 84 datum.
57	OK	Eight page copy of “Oregon-California Trails Association / Northwest Chapter Trail Marker & Site Survey / Date: April 24 - 28, 1998 / Section: Hilgard North / GPS by: C. D. Hornbuckle / Magellan ‘ColorTRAK’ GPS.” The document is a list of 228 GPS waypoint sites identified by latitude and longitude with comments indicating what was located at each GPS waypoint, mostly “existing post” or “new post.” There is no reference datum. The waypoints begin at “45 20 40 / 118 13 35” on the northwest side of Interstate 84 and the Grande Ronde River across from Hilgard Junction State Park and end at “45 27 37 / 118 23 00” near the summit of the Blue Mountains on Interstate 84 assuming WGS84 datum.
58	Not found 2010	Sherman County property assessor’s computer printout of all property owners in the county, April 13, 1996, approximately two hundred pages
59	Use Item 108 instead.	One masonite covered folder with two partial sets of USGS 7½ minute quad maps along the route of the Oregon Trail in Oregon
60	Use Item 116 instead	One masonite covered folder with two partial sets of USGS 7½ minute quad maps along the route of the California National Historic Trail, Applegate Trail South Road to Oregon
61	Use Item 105 instead.	One masonite covered folder with three partial sets of USGS 7½ minute quad maps along the route of the Barlow Road
62	OK. In manila folder	File folder containing assessors’ plats and permission/refusal slips for land on and along the Oregon Trail in Malheur and Baker Counties used for planning the 2005 mapping and marking projects.

114	MC Drawer 4	Two sets of USGS 1:24,000 quads for the Free Emigrant Road. OCTA-1 and OCTA-3 (Billy Simms has OCTA-2). 18 maps per set, labelled FE-01 through FE-18, except OCTA-3 is missing the FE-18 (Lowell) quad. No markings.

115	MC Drawer 4	Two sets of two rolled maps, double sided, plus 3 page explanation. Free Emigrant Road as drawn by the Oakridge Museum and Oakridge Historical Society, Oakridge, OR. One side of the map is from south of Crescent Lake to Indigo Springs with the trail shown by a red-dashed line. The other side of them map show the trail as a white-dashed line from just west of Hill Creek Reservoir/Lake to just west of Westfir. Notation that the route form Indigo Springs to the Hill Creek Reservoir is undetermined because of the many crossings of the river. Scale is not shown, but it is 1:24,000.
116	MC Drawer 5	Two sets of USGS 1:24,000 quads for the Applegate Trail. OCTA-1 and OCTA-3 (Billy Simms has OCTA-2). 61 maps per set labelled AP-01 through AP-61. Coverage from Bryant Mountain to Dallas. OCTA-3 is missing AP-01 & AP-03. No markings.
117	MC Drawer 5	Three Applegate Trail 1:24,000 quads labelled APTL-OR-01 (Bryant Mtn), APTL-OR-02 (Malin), and APTL-OR-03 (Merrill). Heavily documented by Richard & Orsola Silva. There is also a GLO map for T41S, R11E accompanying the Merrill quad.
118	MC Drawer 5	25 Applegate Trail 1:24,000 quads labelled APTL-CA-01 through APTL-CA-25. Coverage from Leonards Hot Springs to Dorris. Heavily documented by Richard & Orsola Silva.
119	MC Drawer 5	Four 1:250,000 California/Pony Express National Historic Trail Study maps for the Applegate trail in Oregon. Sheet numbers are 41, 44, 45, and 46. These are duplicates ( 4 maps) of the full set listed below as item #120. #41 is dated Jun 1985, the others are dated Feb 1987. Trails are drawn in black. Historic sites are named and noted by black circles. These 4 maps are mentioned in Item # 10 as “additional copies of segments of the Applegate Trail”
117B	Lg Plastic Bin	Black & White photocopies of Item 117. Rolled.
118B	Lg Plastic Bin	Black & White photocopies of Item 118. Rolled
120	Lg Plastic Bin	40 GLO maps of the Naches Pass Road, from 7N-35E to 19N-9E. HLP copied the T&R numbers to the lower-right corner and also numbered them consecutively from E to W in the lower-right corner. Matrix of T&R’s. Letter dated May 10, 1995 from Dave Welch to Robert Berry.
121	Lg Plastic Bin	20 GLO maps of the Steilacoom to Greenwater area from 18N-7E to 18N-3E, 19N-8E to 19N-1E, and 20N-6E to 20N-2E. HLP copied the T&R numbers to the lower-right corner. Matrix or T&R’s. Letter dated May 10, 1995 from Dave Welch to Robert Berry.
122	Lg Plastic Bin	Bundle of papers labelled “Naches Trail”. Quite probably the same contents of items 121 and 122? That is all I did with this. HLP
123	Lg Plastic Bin CHECK NUMBERING	15 Black and white 24” x 24” photographs of the Oregon Trail near Echo, OR. Dated 8/18/56. Labelled “Obsolete-may not be accurate”. Numbered from NZ-2P-154 to NZ-2P-158, NZ-2P-111 to NZ-2P-102 (but 109 is missing), and NZ-2P-145.
