## Schools & Teachers Take Note! Easy to Enter - Enter Now!!

### Bring Your Students Along As America Moves West!

Designed as educational activity books, these four books, using the standards, utilize both primary and secondary source materials. Easy-to-use, they are perfect for middle/high school students and teachers and adaptable for the intermediate grades. They may be used as units, individual topics, or to reinforce prior learning.

Packed full of ready-to-use information, encompassing a wide variety of topics and related activities:

**Topics** - Motivations & objectives; historical development; supplies & equipment; methods of travel; routes traveled; landmarks; significant individuals; hazards; journal selections & daily life; and accomplishments.

**Interdisciplinary activities**- Timelines; word searches; map interpretation; reading comprehension exercises; crossword puzzles; classification; chart interpretation; graph construction; matching, summary writing and more.

**Additional features**-“Brainbusters” that encourage and direct further learning/research; and answer keys.

**Following Lewis and Clark's Track** is just the book for learning about Thomas Jefferson, the Louisiana Purchase and the Lewis and Clark Expedition and the Corps of Discovery.

64 pages.

ISBN# 9-781893-061002

#1

**Reading, Writing, and Riding Along the Oregon-California Trails** provides just the right information about the greatest migration in American history to Oregon & California.

64 pages.

ISBN# 9-780963-590107
