# Save The Trail

*Share* the experience  
*Preserve* a legacy  
*Promote* research and education

An American legacy is at risk. The historic trails trod by half a million pioneers, gold rushers, adventurers, families - people in pursuit of a better life in the West - are under constant threat from development. Many miles of wagon ruts and swales still exist in silent testimony to those hardy souls who built the nation as we know it today.

Join the Oregon-California Trails Association and help preserve our heritage.

**Your membership will:**

- Connect you with an international network of western history fans and enthusiasts through publications, web sites, conventions, symposia, and other special events and learning opportunities.
- Contribute to the preservation of an important part of American history. Many OCTAnS help watch over trail segments and grave sites in rural areas, to protect against destruction or encroachment by modern development projects.
- Provide opportunities to learn about trail location, mapping, and marking.
- Promote research and education by maintaining extensive libraries of trail literature, including books, diaries, journals, newspapers, letters, maps and other materials.
- Contribute to public education through films, symposia and other projects.
- Provide new avenues for genealogical research.
- Provide invitations to annual conventions and regional events, which may include expert-guided trail tours, educational sessions, and opportunities to participate in hands-on trail preservation activities.
- Contribute financially to the preservation of historic trails.
